

"Quality is never an accident. It is always the result of high intention,
sincere effort, intelligent direction & skillful execution."

- William A. Foster

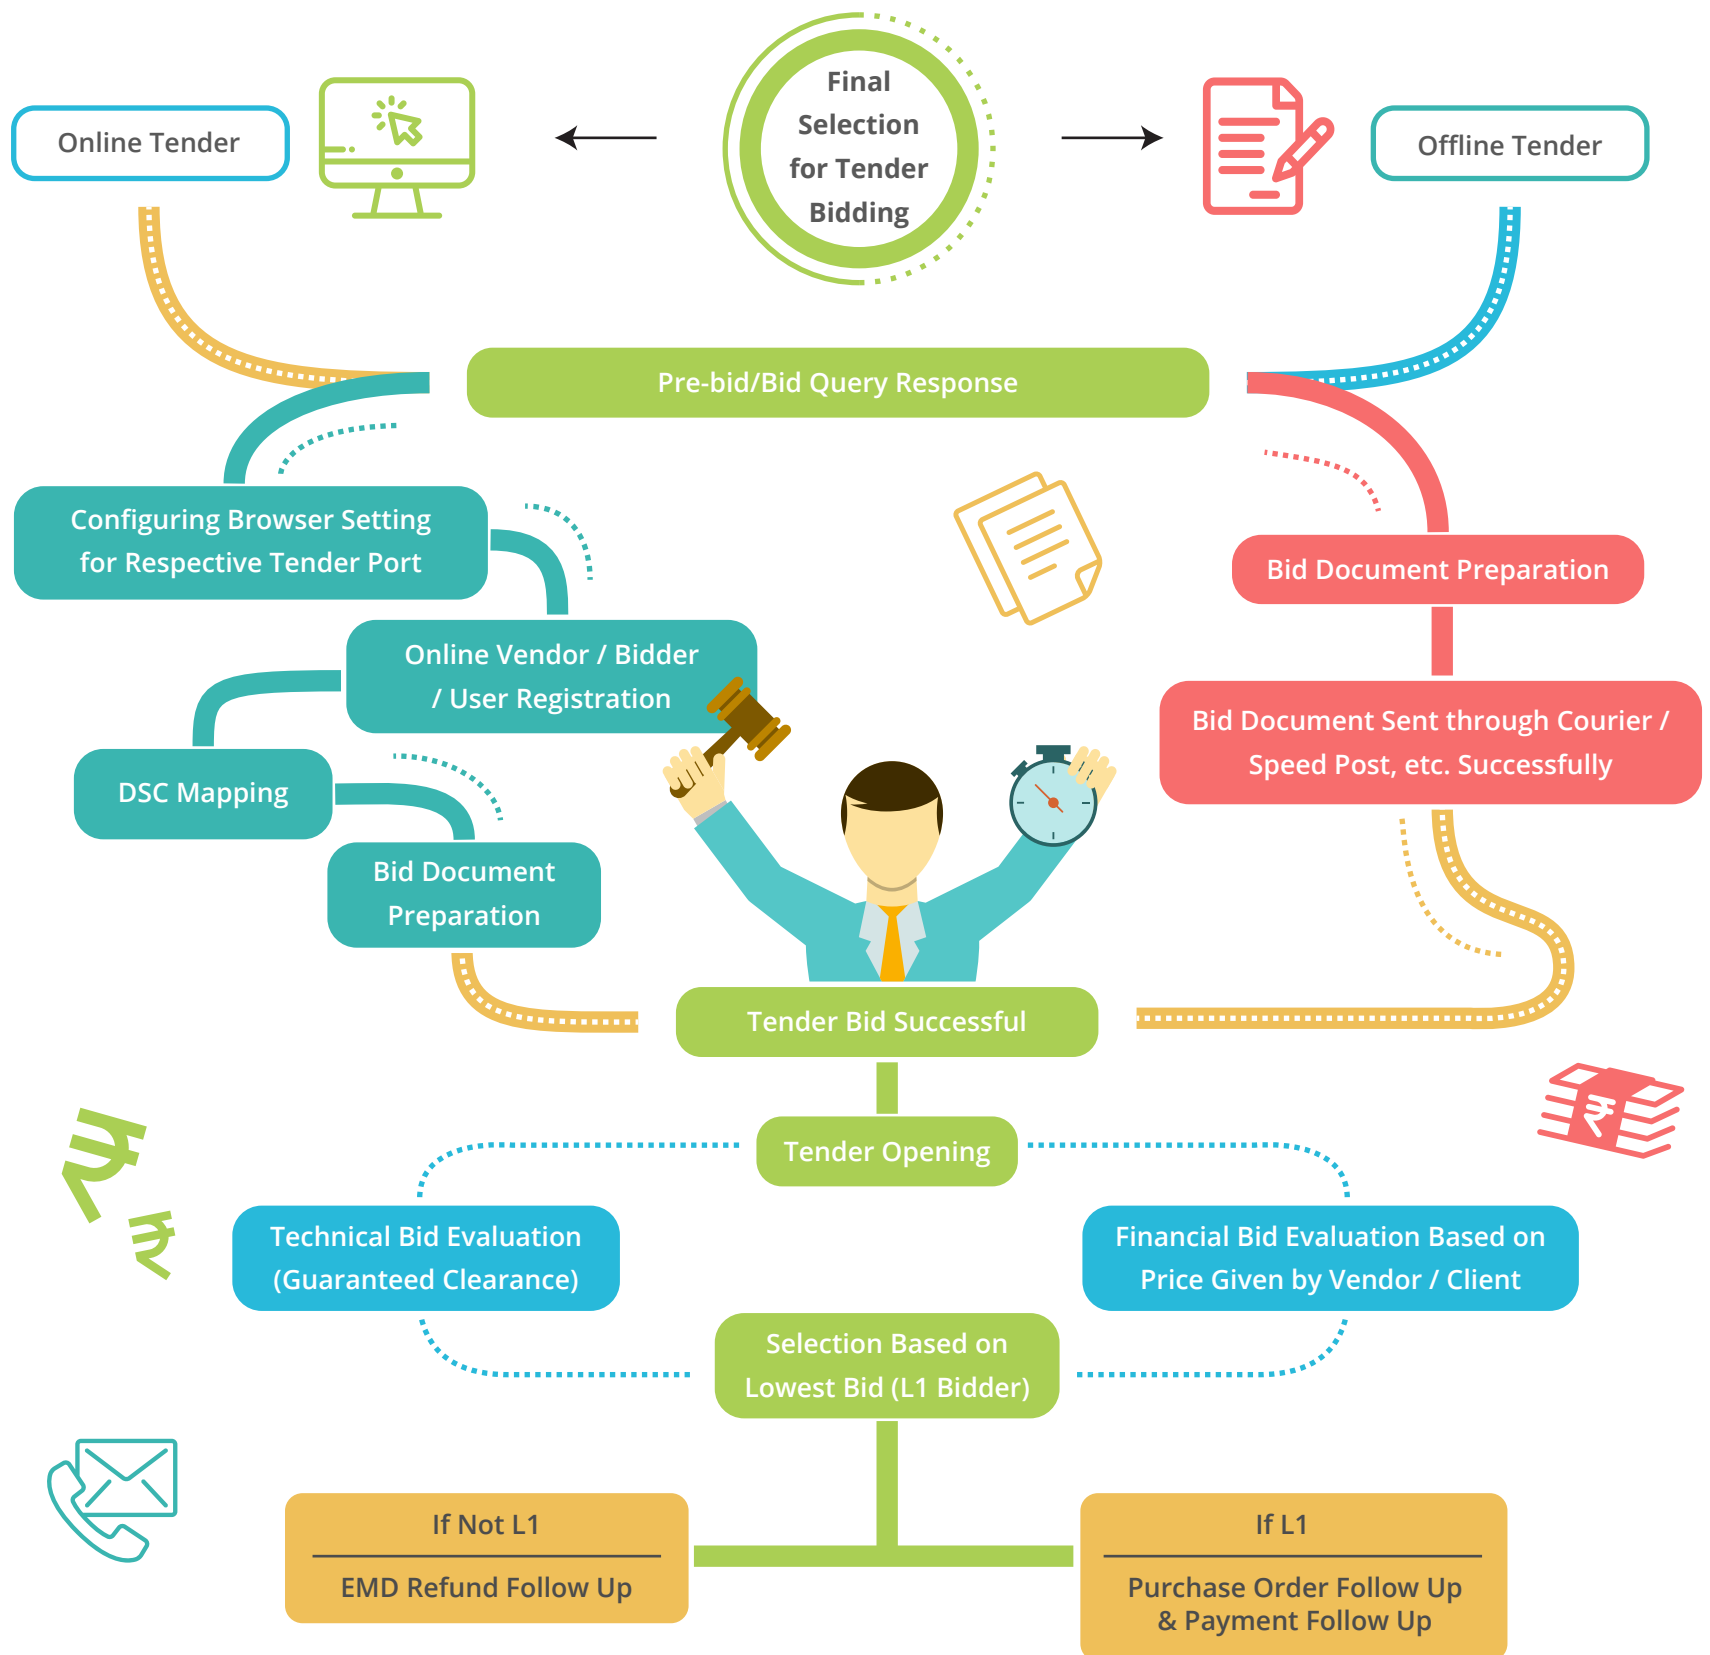

Our 360-Degree Approach Towards Tender Bidding

'90% of the job is done if the PROCESS is followed to perfection.' This is why we, at Tender Advisor, have set up a systematic process that is designed to hand-hold you at every step of your crucial tender-bidding journey.

Our experienced team of analysts, technical and financial advisors, and managers has mastered the skill of procuring and managing tenders, thereby giving you an edge over the competitors.

Tender Advisor's Process for Bidding

Benefits

- 100% surety to clear the technical bid
- Entire bidding process takes place at a competitive rate, which is less than a company would pay as a salary
- Hiring tender division, Technical, Care and Sales Personnel for your tender needs
- Technical key point of contact available 24/7, 365 days a year
- Expansion of your business, supplies, services by bidding more tenders with the Government
